

SAHIL ARYA

UI/UX Designer & Generative AI Engineer

Chandigarh, India | +91 78144 24104 | aryasahil479@gmail.com | sahil-portfolio-q8j1.onrender.com | linkedin.com/in/er-sahil-arya-278ab524a

PROFESSIONAL SUMMARY

Creative UI/UX Designer with 1.6 years of experience crafting intuitive web and mobile interfaces using Figma and Framer. Skilled in wireframing, interactive prototyping, user research, and building scalable design systems. Also contributes part-time, on a project basis, as a UX/UI Designer at Viziane alongside primary full-time roles. Proven ability to align user-centered design solutions with business objectives while collaborating in cross-functional team environments.

SKILLS & COMPETENCIES

- Design Tools: Figma, Framer
- UI/UX Design: Wireframing, High-Fidelity Prototyping, Design Systems, Information Architecture, Responsive Design, Typography, Visual Design
- User Research: UX Research, Usability Testing, Design Thinking
- Core Basics: HTML Basics, AI Fundamentals, Project Management
- Generative AI: Prompt Engineering, AI-Assisted Design, AI Productivity Tools

PROFESSIONAL EXPERIENCE

UI/UX Designer — TechCadd (Virtual Academy & Syntax Development) Dec 2025 – Jul 2026

Full-time · Mohali, India (On-site)

- Designed user-centric web/mobile interfaces, structural wireframes, and high-fidelity interactive prototypes across multiple projects.
- Mentored students on UI/UX design fundamentals and portfolio creation.
- Tutored students in Generative AI concepts and practical applications alongside the design curriculum.
- Contributed as part of Syntax Development, TechCadd's in-house software development division.

UI/UX Designer — Vybe Labs Jul 2025 – Nov 2025

Full-time · Remote

- Designed conversion-focused mobile interfaces, utilizing interactive product prototypes to drive user retention.
- Built and maintained comprehensive design systems with reusable components to ensure cross-platform consistency.

UX/UI Designer — Viziane May 2025 – Jul 2026

Part-time, project-based · Remote · Concurrent with primary full-time roles

- Contributed to select product design cycles — from wireframes to high-fidelity prototypes — on a project basis, alongside primary employment.

Freelance UI/UX Designer — Independent Feb 2025 – Present

Remote

- Architect tailored web and mobile UI layouts for startups, optimizing workflows and digital user engagement.
- Conduct rapid prototyping and design iterations based on direct client requirements and user feedback.

KEY PROJECTS

Virtual Academy — Online Learning Platform — Web & App

- Designed the complete web and mobile app UI layout, establishing a unified design system and intuitive course-navigation flows.

InfraThrone — Edtech Cloud Website

- Designed a cloud-based edtech website for InfraThrone, extending core UX principles to a focused product use case.

Odd Drop & Void — E-commerce Platforms

- Created distinct online retail interfaces: an editorial-focused UI for a women's fashion platform and a bold, dark-themed streetwear UI for a men's clothing brand.

BrewNest — Coffee Ordering Application

- Developed a clean mobile application interface featuring streamlined user flows for menu browsing, cart checkout, and loyalty tracking.

EDUCATION

B.Tech in Computer Science Completed Jun 2026

Indo Global Engineering College — New Chandigarh, India

Diploma in Electrical, Electronics and Communications Engineering Jul 2022

Govt. Polytechnic — Panchkula, India
